Summer Newsletter

It's Summer time and there are many choices to make when it comes to wine selection.

Winemaker Terry has four summer time favourites which he recommends you try with food and friends - or visit our website at www.carolinehills.com.au to see the full range of our wines.

Caroline Hills 2010 Sparkling Merlot

Made with the traditional methode champenoise, this wine is gorgeous - a drink for any occasion. No wonder Terry looks happy!

Caroline Hills Chardonnay

Fresh fruit salad, melon and very subtle oak - this is chardonnay you can drink and enjoy. Try the 2007 or the more complex 2008.

Caroline Hills Pinot Noir

Whether it's the 2003 or the 2007, the distinctive pinot characters of concentrated berry aromas, with integrated soft tannins and a hint of oak, suit summer foods well.

Caroline Hills Pinot Grigio

Pear and green apple notes on the nose and palate are followed by a crisp finish. This wine is made for summer.
